Caratteristiche

Characteristics

Amber in colour, luminous and full. With copper reflections for a flavour bursting with the aroma of dates, caramel, chestnut honey and dried figs.

It has a full sweet warm taste with a vivacious persistence and pleasant citrus acidity for a final of optimal extension.

This Sciacchetrà has been fining in its leaven for sixty months.

Unique! It is a wine for "meditation."

Best Tasted with seasoned cheeses, blue cheese, dried pastries or Pandolce Genovese. (fruit cake from Genoa)

Best served at 16 C
